RE: **Decision Notice for**
Draft Environmental Assessment
Of the Hagler Ranch Acquisition

Ladies and Gentlemen:

You previously received documents, a revised draft environmental assessment, related to Montana Fish, Wildlife & Parks (FWP) proposal to purchase 165 acres of land owned by Barbara Hagler near Savage, Montana. This project is part of FWP's Habitat Montana Program, HB 526 and Access Montana programs. In this mailing, I have enclosed the Decision Notice wherein I am recommending that this acquisition be purchased.

The draft documents you previously received were not changed after the public review period. Comments received regarding the Hagler Ranch Acquisition are summarized in the enclosed Decision Notice. Please consider the revised draft environmental assessment as final.

FWP Commission will be asked to approve the purchases at their next scheduled meeting on November 10, 2008 in Helena. Persons interested in attending the meeting should contact the Commission Secretary, Reg Peterson, (406) 444-7826, for time and location.

Sincerely,

A handwritten signature in black ink that reads "Dwayne Andrews". The signature is written in a cursive, flowing style with a large initial 'D'.

Dwayne Andrews
Acting Regional Supervisor
